Description

The Speck 90 Series is the all round swimming pool and spa pump. Great performance makes it the ultimate choice for pools and spas with a range of applications including solar heating and use with automatic pool cleaners.

Characteristics

Highly resistant to corrosion and salt water. Maximum effectiveness at low power input. The ultimate is reliability. Stability at high fluid temperatures up to 60°C. No contact between motor and pump shaft with pool or spa water. Highest quality mechanical seal. Fan cooled – suitable for high ambient temperatures. Closed impeller. Stainless steel motor shaf. Easy to remove clear strainer lid. Every pump factory wet tested for quality control. Five year warranty.
